

**Positive Business Solutions, Inc. - PBSI - EHR “Off The Charts!” 3.3 Receives
2014 Edition ONC-ACB Certification by Drummond Group**

December 11, 2014 – CINCINNATI, OH -- Positive Business Solutions, Inc.’s “Off the Charts!” Ver. 3.3 has been tested and certified under the Drummond Group's Electronic Health Records Office of the National Coordinator Authorized Certification Body (ONC-ACB) program. This EHR software is compliant in accordance with the criteria adopted by the Secretary of the U.S. Department of Health and Human Services.

“PBSI is pleased to be recognized among national market-leading EHR software products, with enhanced functionality included with this certification. PBSI has moved an important step forward in a continuing cycle of enhancing software products that exceed client expectations while maintaining certified healthcare standards and data-exchange compatibility,” says Ray Cool, PBSI President/CEO.

Drummond Group’s ONC-ACB certification program certifies that EHRs meet the meaningful use criteria for either eligible provider or hospital technology. In turn, healthcare providers using the EHR systems of certified vendors are qualified to receive federal stimulus monies upon demonstrating meaningful use of the technology – a key component of the federal government’s push to improve clinical care delivery through the adoption and effective use of EHRs by U.S. healthcare providers.

PBSI - EHR “Off the Charts!”, which met the requirements for 2014 Edition Complete EHR Ambulatory certification, is a market-leading full-function EHR which helps medical offices automate all aspects of clinical care with best-of-breed simplicity and features.

“Leveraging information technology for healthcare initiatives provides the opportunity to deliver a high-level quality of care and efficiency which essentially benefits and enhances the overall patient experience,” says Rik Drummond, CEO of the Drummond Group Inc. *“We have been testing software for more than a decade and will continue to provide our extensive experience testing and certifying complex systems for multiple industries, as well as ensuring interoperability and security remain key components in the growing healthcare industry.”*

“This Complete EHR is Certified 2014 Edition compliant and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of the U.S. Department of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.”
