

Appointment Scheduling

Discover how *easy* your work becomes when you schedule patients and complete all your daily work from *one* entry screen.

With PBSI-DOC "Single Screen Entry" software, imagine the keystrokes you will save when working from ONE screen to—

- ✓ Quickly schedule, find, reschedule, or cancel an appointment.
- ✓ View an entire day's schedule, flip between different providers or days.
- ✓ Collection comments immediately display during scheduling with automatic alert messages.
- ✓ Display up to 4 providers simultaneously, change selected list on-the-spot; quickly schedule the next available appointment
- ✓ Flexible master scheduling – easily copy or change – best in the industry!
- ✓ Eliminate patient phone calls and mailing expense with the ability to cancel unnecessary recalls before scheduling
- ✓ Integrates with recall – Ability to delete or retain recall after scheduling appointment eliminates unnecessary patient phone calls, reminders, and mailing expense.
- ✓ Integrates with PhoneTree® automated patient messaging system.
- ✓ Save 1000's of keystrokes with "Single Screen Entry"
